

Format

Each player will bowl 6 qualifying games moving lanes after every 2 games. The top 10 players will go on to the scramble round.

Desperado Game

Players not making the top ten will be given the opportunity to qualify by playing the desperado game, a one game roll off played on the burn immediately after qualifying. The top two players in this will proceed to the scramble round.

Scramble round

Players will be split into 2 groups of 6. Each group will continue to bowl on their own pair with the low man in each group being eliminated until we have only 1 player left from each group. The remaining players will then bowl a 1 game roll off on a fresh pair deciding our 1st and 2nd placed bowlers.
