

# Youth Triple Crown 2019 Qualification Process and Selection Criteria

This format has been chosen for the following reasons.

The Triple Crown event is a very important part of a bowler's development; it gives them the opportunity to represent their country, which should always remain as the highest possible achievement.

It will give the players who have proven their form over a longer period of time the chance to qualify.

Once a player has played at EYC or WYC level they will become ineligible for future YTC events unless it is in the first season where they qualify for both events.

Coaching of these players is also vitally important and Coaches need that experience too!

The Coaches will be selected from the Coaching pool once the teams are known, this will provide both with the best possible environment to work in together.

It will also allow the less experienced players the opportunity to play at international level.

The qualification rules for the Team England Youth Triple Crown for the 2019 event are as follows

The top four bowlers in each division from the Youth Bowling Tour will be invited to form the Youth Team England Triple Crown team for the 2019 Youth Triple Crown. Providing they meet the following criteria:

- The bowler must be **under 17 or under 19 or under 22 before the 1st of September 2020**
- In order to be invited to join the team, bowlers must have:
  - Played a minimum of 8 from events 1-10 on the Youth Bowling Tour (best 8 from 10 scores count) in the 2018/2019 season.
  - Participated in the NAYBC National Championships (mandatory)
  - Made themselves available for their County in the relevant age group
  - Should two bowlers have the same points, placing will be decided by highest average points, if there is still a tie then the player with the highest average to the nearest whole number will be selected.
